Hospital Infantil de México Federico Gómez

Antonio Rizzoli Córdoba, MD, PHD

OMI - MEX
Operated by AMSA

OPEN MEDICAL INSTITUTE
Medical Education Beyond Borders

Children's Hospital
of Philadelphia

FUNDACIÓN
Carlos Slim

Justification

At the end of the seminar we hope that the attendees can identify which pathologies are handled by a behavioral pediatrician and therefore identify the different developmental and behavioral disorders, in order to perform a global and integral assessment of their patients.

By knowing the diagnostic criteria, they can identify sick patients on time and refer them to the corresponding doctors.

Academic Program

Tuesday, April 9th		
7:00 am – 8:00 am	Registration and Opening	
8:00 am – 9:00 am	Faculty and fellows presentation & pre-test
